President, Taluk Board, Harpanahalli.

To

THE Secretary to Government,
Local Self Government (Public Health) Department.,
M A D R A S.

SIR, 23 AUG 1930 Through,

The Surgeon General with the Government of Madras,
M A D R A S.

Sir,

Reference:- G.O.No.826 P.H. dated the 4th April 1930.

I have the honour to submit herewith a copy of letter No.C.R.699 dated 31-7-30 of the District Medical Officer Bellary stating that the two villages Viz Utchangidrug and Ittigi are suitable for the location of additional rural dispensaries, and a copy of Resolution No.14 dated 12-8-30 of the Harpanahalli Taluk Board approving these proposals, for favour of sanction of the Government.

(2) Owing to the poor financial condition of the Taluk Board, I find it impossible to provide allotment from the General funds to meet the cost of medicines required for these two dispensaries except from the savings effected on account of the provincialization of the Local fund dispensary at Harpanahalli. I have accordingly set apart a sum of Rs.720/- from this source to meet the net cost of the two dispensaries on account of purchase of medicines and payment of extra remuneration to the medical practitioners in case of need. I request that my action may also be kindly approved.

I have the honour to be,
Sir,
Your most obedient servant,

K. Santhappa
President.
23-8-30

From (Name) Major-General C.A. Sprawson, C.I.E., V.H.S., I.M.S.,

(Designation) Surgeon-General with the Govt. of Madras.

To The Secretary to the Government of Madras,

Local Self Government (Public Health) Department.

Sir,

Ref:- Letter Ref. S.U.R. No. 124/30 dated 23-8-30 from the President, Taluk Board, Harpanahalli - Proposals for opening of two subsidised rural dispensaries at Utchangidrug and Ittigi.

F o r w a r d e d.

2. As provision was made by Government during the current year for the payment of subsidies in respect of opening of two additional subsidised rural dispensaries under the Harpanahalli Taluk Board - vide G.O. No. 826 P.H. dated 4-4-30 and as the District Medical Officer states that the two places selected viz. Utchangidrug and Ittigi are suitable for subsidised rural dispensaries, I have no objection to the proposal of the Taluk

Board

Board being sanctioned by Government.

3. As regards the request of the Taluk Board to meet the cost of medicines required for the proposed two subsidised rural dispensaries from the savings accrued to the Board as a result of the provincialization of the Harpanahalli dispensary instead of from the general funds of the Board it is for Government to decide.

Major-General I.M.S.,
Surgeon-General with the Govt. of Madras.

R.G./4-9,

Y. S. of (P. H.) dept

Subject:

Medical relief - Harpanahalli TK Bd - Opening of addl rural dispensaries

---

Flag (G)

In G.O No 210 P. H. of 22.1.29.

(S)

Cee p 18 of G.O 1825 P. H 25.7.30

the Govt sanctioned the opening by the Harpanahalli TK. Bd, of two ~~additional~~ dispensaries under the scheme outlined in G.O No 1522 P. H. of 22. 10. 24 and also permitted the board as a special case to utilise the savings consequent on the provincialization of the D. H. dispensary at Harpanahalli to the extent of Rs 720 to meet the cost of medicines required for the two dispensaries. It was also asked to utilise the balance of savings in opening one or more rural dispensaries. This condition was also reiterated in G.O. No 1825 P. H. of 25. 7. 30. Vide para 2 of on p 19 of (S). and the P. T. B. was asked to submit proposals through the S. of the P. T. B. has not so far submitted

(J)

(4) Rs 2320

Rs 1400

his proposal.

2. The P.T.B. now requests that the balance of the Savings may be utilized for the two dispensaries provided in the current year. This request, if complied with, would practically mean the relaxing of the order in ~~ff~~. para 3 of ~~ff~~ o No 1625P.W dy 25.7.30. But when the two dispensaries were included in the current years budget (Vide A on p14 of (P)) the financial position of the Board showed that it had funds to meet the cost of medicines (Rs 720) As the P.T.B. now represents that the Th Bd. is not financially sound enough, its present financial position may be examined and if it is really so the question of permitting the board to utilise the Savings may for medicines required for these two dispensaries may be considered.

Thro B,
18/9

The ordinary surplus or deficit of the taluk board for the four years ending 1930-31 is shown below:-

		Rs.
1927-28	Actuals	+ 1520
1928-29		+ 2924
1929-30		+ 4689
1930-31	B.E.	— 3165
Closing balance for 1930-31		819
Required balance		735]

The large surplus in 1929-30 was due to the board taking a loan of Rs. 6000 from the district board. Otherwise there would have been a deficit of Rs. 1311 in that year. The large deficit in 1930-31 is due to the repayment of Rs. 4000 to the Dt. Bd. The taluk board still owes Rs. 2000 with interest to the Dt. Bd. After clearing this debt, the board's surplus amount to Rs. 835 from which the recurring additional expenditure of Rs. 720 can be met. A

2. The board's budget for 1930-31 provides for three rural dispensaries. A sum of Rs. 1400 for village roads and a sum of Rs. 1000 for wells are provided C

against an expenditure of Rs. 520 and Rs. 94 respectively in 1928-29. Apparently the balance of savings from the provincialization of the taluk headquarters hospital, viz., Rs. 1600 is being utilised for village roads and wells.

3. The board can find the expenditure from the current year's closing balance.

B

8/9/29

8/9/29

8/9/29

As the Board has made provision for three rural dispensaries in its budget for 1930-31, the P.E. may perhaps be asked to justify his position for utilising the savings from Provincialisation towards the cost of medicines. A draft memo is submitted for approval.

C

No reference is necessary to the Board that only a sum of Rs 825 after meeting full cost of the savings due to provincialisation, it is clear that it cannot open an additional dispy.

23.5.30

* A new para 3 add

at its own expense. It makes no difference whether the sum of Rs. 720* for medicines is met out of the surplus of Rs. 835# or from the savings. The request may be allowed.

(Notes written in another file)

U.O. No. 37346-102 Ex

7.10.30 6/10/30

Under the scheme sanctioned in 1924 for medical relief in rural areas, subsidies are given by Govt. for meeting the cost of medical practitioners and midwives, but the cost of medicines (Rs. 360 p.a. for each dispensary) is met by Taluk Boards.

2. In para 1 (b) of G.O. 896 P.H., dated 17-4-28, it was ordered that the savings accruing to local boards as a result of the provincialisation of their medical institutions should be utilised on the opening of one or more additional regular or rural allopathic dispensaries. In such cases, subsidies for meeting the cost of medical practitioners and midwives are not given by Government.

Harpanahalle Taluk Board.

3. Three rural dispensaries have been opened by the Taluk Board and subsidies from Provincial funds are given towards the cost of the staff.

The saving to the Taluk Board due to the provincialisation of the L.F. hospital at Harapanahalle is Rs. 2,320 per annum, and from this saving the Taluk Board has been allowed to meet the cost of medicines (Rs. 720 per annum) for two of the three rural dispensaries referred to above.

4. In para 4 of G.O. 210 P.H. dated 22-1-1929, the Harapanahalle Taluk Board was informed that no subsidy would be given by Government for the opening of any rural dispensary over and above the 3 dispensaries referred to in para 3 above, and that the cost of any additional dispensary should be met from the savings due to the provincialisation of the hospital. (See para 2 above)

5. In G.O. 826 P.H. dated 4-4-1930, the Govt. have authorised the Harapanahalle Taluk Board to open two additional rural dispensaries in the current year under the scheme sanctioned in 1924, i.e. Government will give subsidies for the medical

practitioners and the Taluk Board should meet the cost of medicines from its general revenues.

The President now reports that owing to the poor financial condition of the Taluk Board it is impossible to meet the cost of medicines from the Board's general revenues, and he requests that the Taluk Board may be permitted to meet the cost from the savings due to the provincialisation of the hospital.

L.S.G. propose to allow the Taluk Board's request.

6. It may be noted that the Taluk Board has been diverting the saving due to the provincialisation of its hospitals for other purposes, e.g. elementary education, village roads, wells etc. This practice is contrary to the orders in para 1 (b) of G.O. 896 P.H., dated 17-4-1928 and is irregular.

7. In this connection, it is submitted that it is not clear whether L.S.G. have enforced the condition in para 1(b) of G.O. No. 896 P.H. dated 17-4-1928, according to which the savings on account of the provincialisation of Local Fund medical institutions should be utilised by the local boards concerned for the provision of one or more additional regular or rural dispensaries.

8. In G.O. 783 P.H. dated 31-3-1928, sanction was accorded for the opening of 67 rural dispensaries with Government subsidies for the staff and in G.O.No. 826 P.H. dated 4-4-1930 sanction was accorded for the opening of 87 additional rural dispensaries with subsidies for the staff.

Submitted that L.S.G. may be requested to state whether in all these cases they have, before sanctioning the subsidies, ensured that the condition referred to at K above has been satisfied.

39980

SECRETARY TO GOVERNMENT
25 OCT 1930
LOCAL SELF GOVERNMENT DEPARTMENT

Please see the note of the Finance Dept. on pages 7 and 8 ante.

(A) 2. Attention is invited to G.O. No. 499 P.H. dated 21-2-1929 wherefrom it will be seen that the condition that the utilization of savings on the opening and maintaining of additional regular or rural dispensaries, is being enforced. Replies so (A) far received with reference to the above G.O. have been tabulated in the statements on pages 135-136 of G.O. No. 2367 P.H., dated 25-9-1930. Further (U) replies are being received and examined separately.

Seen removed

3. As regards the enquiry in the concluding para of Finance Dept's note on the previous page, it is submitted that it is not done in all such cases. Nor does it seem necessary to examine whether the condition is satisfied in all those cases. It is however examined in those cases where a local board proposes to utilize the savings on the maintenance of medical institutions for which the Government have provided subsidies. The object with which the local boards were asked to utilize the savings consequent on the provincialisation of L.F. medical institutions was that the amount set free should not be used in any manner they liked but should be used for the extension of medical relief in rural areas. This condition does not prevent local boards from opening more rural dispensaries with subsidies from Government in addition to the regular or rural dispensaries that might be opened out of the savings, if they are able to find funds for their maintenance also.

For example see the note under Chittor T.B. at p. 144 of U
A.D.C 4-11-30.

Vide A on page 42 and B on page 43 of notes with 896 P.H. (T) 17-4-28

4 With these remarks the file may be returned to Finance Dept. u.o.

T.S.R. 3-11-30.

A.D.C(rombie)
4-11-30.

L.S.G.U. 5-11-30. 39980 -1 D2 P.H.

(Please see the notes from page 6 above.)

Bom p. 147 § 6896 P.H. 17.4.28 (T)

One of the conditions subject to which the Government took over certain Local Fund medical institutions in 1928 was that, out of the savings accruing as a result of the transfer, the Taluk Boards concerned should open and maintain within their areas one or more additional regular or rural allopathic dispensaries.

para 1 on p. 7 above
para 2 on p. 8 above
(A)

In reply to this Dept's enquiry, L.S.G. have noted that the above condition is being enforced.

In G.O. No. 499 P.H., dated 21-2-1929, Presidents of Taluk Boards were asked to furnish details of the dispensaries already opened (or proposed to be opened) by them out of the savings referred to. L.S.G. have been scrutinising the replies and taking necessary action.

~~and to refer more to the proposals received from the~~
~~Collectors.~~

see pp 140-155 § 6. at flag (U) + para 2 on p. 8 above
finally sanctioned

2. In addition to the dispensaries (regular or rural) opened out of the savings due to the provincialisation of L.F. medical institutions, the Govt. also sanctioned subsidies (towards the cost of the staff) for the opening of 67 rural dispensaries in 1928-29 and 87 rural dispensaries in 1930-31.

§ 6. 783 P.H § 31.3.28 (E) +
§ 6. 826 P.H § 4.4.30 (P)

In para 8 of this Dept's note on page 7 above, L.S.G. were requested to state whether before sanctioning subsidies for the additional rural dispensaries referred to above, steps were taken to ensure that the condition about the utilisation of savings on the opening of regular or rural dispensaries was satisfied.

para 3 on p. 8 above

3 L.S.G. have noted that the fact that the condition was satisfied or not was not considered, as it is open to local boards to start rural dispensaries with the aid of Govt. subsidies, provided they can find their share of the cost from their own funds

Cost of medicine at Rs. 360 p.a. for a dispensary.

apart from the savings due to the provincialisation of hospitals.

Submitted that the point to be kept in view is that the savings due to the provincialisation of L.F. hospitals should be utilised in full on the opening of regular or rural dispensaries, before any subsidy is given by Govt. for the opening of additional rural dispensaries.

It is presumed that L.S.G. will take the necessary steps to ensure that the savings referred to are utilised solely for the opening of new dispensaries (regular or rural) and not allowed to be diverted for other purposes, including the maintenance of existing institutions.

4 Turning to the present case of the Harpanahalle Taluk Board, the proposal is that it should be permitted to meet its share of the cost of maintaining two rural dispensaries (for which Govt. have sanctioned subsidies in the current year) from the savings due to the provincialisation of the hospital.

p.1 CF.

It may be noted that this Taluk Board has been diverting the savings due to the provincialisation of its hospital for other purposes, e.g. elementary education, village roads, wells, etc. In para 2 of G.O. 1825 P.H., dated 25-7-1930, L.S.G. condoned the action of the Taluk Board.

para 2 m/p. 19 q & G.O. at (5) + B m/p. 4 above

p. 19 q ✓

Submitted that the present proposal may be agreed to in this Department, subject to the understanding that the Taluk Board is strictly warned not to divert the saving for other purposes.
